For Immediate Release

New Connecting Kits for the MINI35 '400' Digital Image Converters from P+S TECHNIK

Maximize control over depth of field with Panasonic AG-HMC150/151, Sony HRX-NX5E/HVR-Z5 and Sony HVR-Z7

The modular design of the MINI35 '400' allows for the upgrade of your existing basic unit to comply with the latest standards in acquisition. Thanks to the excellent collaboration of professional camcorder manufacturers we're able to offer MINI35 '400' Connecting Kits suitable to the following new camcorder models:

- Panasonic AG-HMC150/151
- Sony HRX-NX5E/HVR-Z5
- Sony HVR-Z7

Since 10 years the P+S TECHNIK Digital Image Converters MINI35 and PRO35 are synonymous with continuous development, innovation, longevity and secure investment. That's why the devices became a well-known and regularly use tool for DoPs and professional videographers.

All Connecting Kits are on stock. Please contact your local P+S TECHNIK dealer for complete pricing information.

Don't choose any adapter, choose an original PRO35/MINI35 Digital Image Converter from P+S TECHNIK. Precision German engineering professionals can trust.

You're invited to visit us at NAB at booth C5348 in the Central Hall !

About P+S TECHNIK:

P+S TECHNIK, founded in 1990 and headquartered in Ottobrunn, Germany, has earned a reputation as a competent and professional partner for solutions and products of the highest level in the cine world.

Since 1999, P+S TECHNIK has developed and manufactured products in the field of Digital Cinematography. Already one year later the company received the innovation prize at NAB 2000 for the MINI35 Image Converter.

Since 2006, P+S TECHNIK develops and manufactures Digital Cinema Cameras and Highspeed Cameras in cooperation with cinematographers and professional hardware and software developers such as Silicon Imaging, WEISSCAM, IRIDAS and CineForm.

A constantly cultivated close relationship with our key clients and experienced users allow us to tailor our products to the industry's needs.
