

Original size (length: 121 mm / 4.76 in)

ULTRA LIGHT ACTION ZOOM

The spherical 18 - 35 mm high-speed zoom lens was designed for heavy use on everyday production, but at the same time an ultra lightweight design was a major goal in development.

FLEXIBLE

Whether shooting commercial, documentary or feature film in Super 35 format, working at pace is part of the production workflow today. This spherical PS-Zoom lays the focal range from 18 mm to 35 mm at your finger tips, without changing lens.

IN MOTION

Smaller cameras and lightweight stabilizing solutions require as well lighter lenses. The PS-Zoom 18-35 is a flyweight of 1.100 gr / 2.43 lbs.

PRECISE

With its precise image and mechanics of the PS-Zoom 18-35 is predestined for 3D stereo production or double cameras setups for parallel recording of still and motion picture with a beam splitter rig in zero position.

KEY FEATURES

- Ultra lightweight design, approx. 1.100 grams
- High-speed, T 2.0 through out focal length range
- Super 35 coverage, image diagonal 30 mm
- No focus shift while changing focal length
- Reliable cam driven focus mechanics with hard stops
- Robust cine-style housing
- Interchangeable mount kits available
- Metric and imperial focus scales

FUTURE-PROOF

Brilliant, high-speed optics (Sigma 18-35 mm f/1.8) in a robust cine-style housing with reliable cam-driven focus mechanics as well as interchangeable mounts and focus rings make this zoom lens a future-proof investment in times of ever changing camera models.

INTERCHANGEABLE

Based on the PS-IMS system, interchange mounts (PL, EF, E and MFT) are available for the PS-Zoom lenses. Metric and imperial focus scales are available and can be exchanged easily.

SPECIFICATIONS

PS-Zoom	18 - 35 mm
Lens Mount	PL, EF, E or MFT interchangeable
Aperture	T 2 - T 22
Angular Rotation	
> Iris Scale	70°
> to MOD end stop	250°
Image Diameter	30 mm
Focus Scales	metric or imperial two opposing scales
Gear Modules	0.8, hard stops
> Focus	90 mm from image plane
> Aperture	70 mm from image plane
Front Diameter	80 mm
Length front to mount	121 mm / 4.76 in
Weight	1.100 gr / 2.43 lbs

* Subject to technical change without notice.

ORDER INFORMATION

Order through store.pstechnik.de or call us +49-89-45 09 82-30 or contact your local reseller.

Item No.	Item
# 30530	PS-Zoom 18-35, T2.0, meter, no mount
# 30550	PS-Zoom 18-35, T2.0, feet, no mount
# 30753	PS-IMS Arri PL lens mount
# 30683	PS-IMS Canon EF lens mount
# 30685	PS-IMS Sony E lens mount
# 30684	PS-IMS Panasonic Micro 4/3 (MFT) lens mount
# 30687	Trolley case for PS-Zoom 18-35
# 30686	Aluminum lens case for PS-Zoom 18-35

ACCESSORIES

- Trolley transport case, high-quality PP, airplane cabin allowed
- Carry-on aluminium transport case
- Interchangeable mount sets: PL, EF, E and MFT
- Interchangeable focus rings: metric and imperial
- Putora lens test charts
