

# PS-ZOOM 18-35

## ACTION ZOOM LENS

**P+S TECHNIK**  
Optics for Exceptional Images

SUPER LIGHTWEIGHT, HIGH-SPEED, SHORT ZOOM LENS –  
IDEAL, WHEN SIZE AND WEIGHT MATTER!

Whether shooting commercials, documentaries or feature films in Super 35 format, working at pace is part of today's production workflow. This high-speed zoom lens lays the focal range from 18 mm to 35 mm at your finger tips, without changing lens. Designed for heavy everyday production use, at the same time an ultra lightweight design was a major development goal and a solution for any kind of stabilized moving camera setup.

- Interchangeable lens mount
- Based on Sigma Art 18-35 T2 lens
